

This Glass World

Yusuf Islam

In this glass world we stop feeling pain
Going nowhere, we've got everything
In this glass world people who live below
Wish they were here just looking in
In this glass world
In this glass world we bathe by starlight
No troubles here, that's on the outside
In this glass world sittin' without a care
No need to move, it's way too naive up here
In this glass world
In this glass world
In this glass world
