## Ghoti Hook

It was a soft summer night when you came into my life  
I thought it was a dream when your hand reached out for me  
There was something there that I couldn't compare  
And I knew that you were the only one for me  
Seasons changeIt was a cool autumn's eve when you sensed that I was leaving  
A tear came to your eye but I just let it run dry  
You said don't go away but I just left you anyway  
I wasn't sure if you were the one for me  
Seasons changeIt was a cold winter's morning I had been up all night crying  
I knew I'd done you wrong, I'd been astray for oh so long  
I'm on my knees in pain I wish things had stayed the same  
And I just hope that you will take me back  
Seasons changeIt was a warm spring's night when you let me back inside  
I thought it was a dream but you still cared for me  
Your love filled my heart nothing could tear us apart  
And I knew that you were the only one for me  
Seasons change
