

Final Episode (Let's Change the Channel)

Asking Alexandria

Oh my god
Oh my god
If only he knew
If only he knew
If only he knew about the world
Without the bullshit and the lies We could've saved him
They could've saved me
But instead I'm here drowning in my own fucking mind
And I'll be damned if you're the death of me Blood and ink stain the walls
Silently with bloodied knuckles, carry on
Hoping it's not too wrong
You said the nights were far too long
Honey, it's just the start of it Oh my god
If he only knew
Oh my god
If only he knew if only he knew
If only he knew
Just stand up and scream the tainted clock is counting down
You gave in to me would you say the nights are far too long now? Oh my god (oh my fucking god)
The tears that stain my cheek must me look weak
I wear them proudly, I wear them proud Just stand up and scream the tainted clock is counting down
You gave in to me would you say the nights are far too long now? Your knife my back
My gun your head Your knife my back
My gun your head You need a doctor baby you scared?
You need a doctor baby you scared? You need a doctor baby you scared?
You need a doctor baby you scared, you scared
You scared, you? You need a doctor baby you scared?
You need a doctor baby you scared?
You need a doctor baby
You need a doctor baby you scared?
