

# Mean Man

## W.a.s.p.

A tattooed madman, I am hell on wheels  
Born a wicked child left alone in the fields  
My father was the wind, my mother was fire  
Raised by the wolves and I grew up wild  
A kamikaze man, a hollering banzai  
Never crash and burn, never gonna die  
Cannibal it's me, you squeal and shout  
I chew you up and spit you out  
Storms a c-c-coming and it's gonna be me  
Here comes trouble with a capital T, T T T  
'Cause I'm a mean, motherfuckin' man  
I gotta scream, and that's what I am  
All the way  
All all the way  
'Cause I'm a mean, motherfuckin' man  
Ridin' the wind and know I'll be damned  
All they way  
All all the way, all the way  
Chewbacca in the rye, the water of fire  
A terror in the flesh, a killer for hire  
California man I'm white line, homer  
The unruly one they call the Blonde Bomber  
Scooter gypsy, I'm a renegade  
An orphan of the road, a live hand grenade  
Never gonna quit before my time  
When the moon gets high then I'll be blind  
Mad dog 20-20's king  
I drink that stuff and start getting obscene  
'Cause I'm a mean, motherfuckin' man  
I gotta scream, and that's what I am  
All the way  
All all the way  
'Cause I'm a mean, motherfuckin' man  
Ridin' the wind and know I'll be damned  
All they way  
All all the way, all the way  
I'm a motorcycle man, don't never give a damn  
I lie when the truth serves better  
The Marquee de Sade, I cheat and steal and rob

A heavy metal creature  
'Cause I'm a mean, motherfuckin' man  
I gotta scream, and that's what I am  
All the way  
All all the way  
'Cause I'm a mean, motherfuckin' man  
I gotta scream, and that's what I am  
All the way  
All all the way  
'Cause I'm a mean, motherfuckin' man  
Ridin' the wind and know I'll be damned  
All they way  
All all the way, all the way
