

# Life

## Brides Of Destruction

It seems so hard to stay so positive  
I know how it feels  
It just takes time, something's gotta give  
Don't let the negative  
Steal the blue out of the sky  
Don't leave it all behind  
This is life, this is it  
It's not everything you want  
It's everything you get, believe it  
It's not worth leaving  
Yeah, this is life once again  
It's been knockin' at your door  
You ought to let it in, don't waste it  
It's time you faced it  
It seems like years  
Since you've known happiness  
So down so long  
So calm your fears  
And you'll get out of it  
Just hang on  
So this is life, this is it  
It's not everything you want  
It's everything you get, believe it  
It's not worth leaving  
Yeah, this is life once again  
It's been knockin' at your door  
You ought to let it in, don't waste it  
It's time you faced it  
Why do you cry? Why do you cry?  
Steal the blue out of the sky  
Don't leave it all behind, yeah  
This is life once again  
It's been knockin' at your door, don't waste it  
It's time you faced it  
This is life, this is it  
It's not everything you want  
It's everything you get, believe it  
It's not worth leaving  
Yeah, this is life once again

It's been knockin' at your door  
You ought to let it in, don't waste it  
It's time you faced it  
This is life  
This is life, ooh yeah  
Don't let it pass you by, pass you by, yeah  
It's time you faced it  
It's time to turn around  
And face it
