

There's No Other Like My Baby

The Crystals

There's a story I want you to know
'Bout my baby, how I love him so
There's no other like my baby
 No, no, no, no
 There's no other, don't mean maybe
 No, no, no, no
 Walkin' down the street, in a crowd
 Looking at my baby, feeling so proud
 Woah, oh, oh
 There's no other like my baby
 No, no, no, no
 While at a dance, my baby by my side
 He whispers to me, someday I'll be his bride
 Woah, oh, oh
 There's no other like my baby
 No, no, no, no (Johnny)
 No, no, not like my baby
 (Billy)
 No, not like my baby
 (Bobby)
 He's not like my baby
 I wanna tell you now
 There's no other like my baby
 No, no, no, no
