Saint-Tropez

Jean-Roch

Shout out to my man named Jean Roch Big
Big Snoop Dog
Lets go
Saint-Tropez
She know about that
International
I know where I belong
Even when Im away
Im never gone too long
Back to you Saint-Tropez
No matter where I go
No matter where I stay
My Heart will always be
Somewhere in Saint-Tropez
Saint-Tropez I always can't express my love for you
My City best time of the sun
Saint-Tropez you have me make my dreams come true
My City
Im sitting on the dock
Im sitting on the dock
Im sitting on the dock
It's not just sitting on the bench
Im sitting on the dock
Im sitting on the dock
Im sitting on the dock
It's not just sitting on the bench
You hid from my girls
You get my hopes away
We shared so many malls
You and I St Tropez
One day Ill take you there
So you can understand
Theres so much we can share
In the sand Saint-Tropez
Saint-Tropez I always can't express my love for you
My City best time of the sun
Saint-Tropez you have me make my dreams come true
My City
Im sitting on the dock

Im sitting on the dock
Im sitting on the dock
It's not just sitting on the bench
Im sitting on the dock
Im sitting on the dock
Im sitting on the dock
It's not just sitting on the bench
Im sitting on the dock
Im sitting on the dock
Im sitting on the dock
It's not just sitting on the bench
Im sitting on the dock
Im sitting on the dock
Im sitting on the dock
It's not just sitting on the bench
On the beach
by the sand
Baby girl, Im the man
What a deal !
How you feel ?
You got sex appeal
And I just wanna better that
A header that
Set her back
Let it up
Hear down
Music background
Only popping
Song rocking
Snoopy dog
All happened
Calculated down my lady
Isolated, finally made it
Girls, girls on everywhere
Im a dog, but Im a player
Hands up
Now pop up your fist
Up and down
Do that shit
Im sitting on the dock
Im sitting on the dock
Im sitting on the dock
It's not just sitting on the bench
Im sitting on the dock
Im sitting on the dock

Im sitting on the dock
It's not just sitting on the bench
Im sitting on the dock
Im sitting on the dock
Im sitting on the dock
It's not just sitting on the bench
