

Ruthless

Epic Soundtracks

One two three four

I know a girl a very special girl
Sheâ€™s got something magic all about her
She lives in a room above Notting Hill
And one day I write a song about her

But I know
I had to let her go
I know
I had to let her go

I know the place where you sleep at night
In my dream I was at the window
I saw a vision of an angel there
With the devil on the pillow

But I know
I let the angel go
To lose the devil
I had to let the angel go

Hey there girl youâ€™re like a loaded gun
I gotta get out of the way
And hey girl youâ€™re ruthless
Now so am I hey hey
Hey hey
Hey hey
Hey hey

I know a girl a very special girl
I know a girl a very special girl
I know a girl a very special girl
