The Call Out

Run Kid Run

Hop on the bandwagon and ride
No need for guarantees
Precautions all aside
You've got it allYou're under their submission
A very low and poor condition
And we know it's all our fault
Yet, here we areWith our motionless intentions
Settling for silence over opposition
Choosing just to listenSound all the alarms
There's been a change of plans
You're breaking up
And I can't even feel the differenceSound all the alarms
There's been a change of plans
You're breaking up
And I can't even feel the differenceHonestly, you're on a one track mind
You parade a modern march
That's falling far behind
From who you areYou have our full attention
After all we've failed to mention
That this all our fault
'Cause here we areWith our motionless intentions
Settling for silence over opposition
Choosing just to listenSound all the alarms
There's been a change of plans
You're breaking up
And I can't even feel the differenceSound all the alarms
There's been a change of plans
You're breaking up
And I can't even feelYou're breaking up
You're breaking upWe're calling out to you
With all we have tonight
We need your voice to sing along
So, sing alongWe're calling out to you
With all we have tonight
We need your voice to sing along
So, sing alongSo, sing along
(Sound all the alarms)
There's been a change of plans
You're breaking up

And I can't even feel the difference
