

# Ride

## Justin Bieber

Ride-I-I Wanna ride

I wanna ride

I-I wanna ride

When I wake up I-I-I-I first think of you (of you)

I really like you and I hope you like me too (me too)

Sky's the limit for me and you

I could be your queen but you could be my boo oh whoa

Chorus

We could go anywhere, to the moon and through air

Go to the movies or the mall, baby I don't care

Yeah This is true, Wanna be with you

And I just wanna ride with you

I wanna ride I-I wanna ride

I wanna ride I-I wanna ride (with you)

I wanna ride I-I wanna ride

I wanna ride I-I wanna ride (with you)

Whenever I'm with you, you make me feel special

And now my problems- they go right out the door

I love it when you call me "baby", (baby)

It's you I adore (adore)

Chorus

We could go anywhere, to the moon and through air

Go to the movies or the mall, baby I don't care

Yeah This is true, Wanna be with you

And I just wanna ride with you

I wanna ride I-I wanna ride

(at the ocean side)

I wanna ride I-I wanna ride (with you)

I wanna ride I-I wanna ride

I wanna ride I-I wanna ride (with you)

So let's go right now (yeah)

go slow right now (go slow)

Let the bass go loud (yeah)

With that boom boom pow

So let's go right now (yeah)

go slow right now (go slow)

Let the bass go loud (yeah)

Let that boom boom pow

I wanna ride I-I wanna ride  
I wanna ride I-I wanna ride (with you)  
I wanna ride I-I wanna ride  
I wanna ride I-I wanna ride (with you)  
I wanna ride I-I wanna ride  
I wanna ride I-I wanna ride (with you)  
I wanna ride I-I wanna ride  
I wanna ride I-I wanna ride (with you)  
I wanna ride  
I wanna riiiide  
ah ah oohah  
i wanna ride  
I wanna ride  
I just wanna ride with you
