

Mystery 4 Two

Jon B.

Alright, yeah, come on, come on
It's mystery, mystery, yeah
Mystery, mystery
Mystery, mystery
Mystery, mystery
Mystery, mystery
So, I guess tonight kinda had that flow
I heard you say, "Go for what you know"
So I took upon the thought of meeting you at 12 o'clock
For a private little rendezvousAt first, I didn't catch your name
Curiosity causing me pain
And the only thing to do
Is to get to know you better
With you timid little easy swayIf love stains my mind with the ebony you
And these words seem like lines, let the truth cut through
'Cause I fantasize reality with you
Open my eyes for the mystery of me and youOoh, me and you
Mystery 4 two
Ooh, me and you
I guess the night kinda had that flow
Mr. Moon in the sky hung low
And I saw your face pretty dressed in lace
And I didn't know what to sayHoney baby, you just stood there
Just kicking with that stare
And I stood fighting with my instincts
But the fight is not fairIf love stains my mind with the vision of you
Please rewind it, make this moment be true
'Cause I can't stop thinking about you, yeah
The mysterious youOoh, me and you
Mystery 4 two
Ooh, me and you
Ooh, me and you
Mystery 4 twoOoh, me and you
Mystery 4 two
Ooh, me and you
Mystery 4 twoOoh, me and you
Mystery 4 two
Ooh, me and you
Mystery 4 twoOoh, me and you
Mystery 4 two
Ooh, me and you

Mystery 4 twoWe can make love under the stars
Baby, it doesn't mater where we are
Honey me and you, we can make it through
This mysteryWe can make love under the stars
Baby, it doesn't mater where we are
Honey me and you, we can make it through
This mysteryOoh, me and you
Mystery 4 two
Ooh, me and you
Mystery 4 twoOoh, me and you
Mystery 4 two
Ooh, me and you
Mystery 4 two
