

Assassin (Grand Omega Bosses Edit)

Muse

War is overdue
The time has come for you
To shoot your leaders down
Join forces undergroundLose control with increasing pace
Warped and bewitched in time to erase
Whatever they say, these people are torn
Wild and bereft, assassin is born, yeahAppose and disagree
Destroy demonocracyLose control with increasing pace
Warped and bewitched in time to erase
Whatever they say, these people are torn
Wild and bereft, assassin is born, yeah, go
