

Sex On The Radio

Good Charlotte

Let's go!

All that I remember is that you had me at hello.
I knew right when I met her that I wouldn't take it slow.
The more we heard the music, the more we got in synch.
The more I kept you laughing, the less I stopped to think.
The last thing I remember, you said this place is beat.
It must have gotten crazy, 'cause I can't recall a thing.

[Chorus]

Last night (last night) can't remember (remember)
What happened? (What happened) Where'd we go?
I woke up (woke up) this morning (this morning)
Where's my car? Where's my keys? Where's my clothes?
I feel my heads still spinning
But I'm doing alright (eh)
'Cause I think I just had the best night of my life (oh)
Last night (last night) can't remember (remember)
What happened? Did it happen? Last night

Everyone's been calling like I've been gone for days.
There's a note left on the table and all it says is 'thanks'.
It's starting to get dark outside and I'm finally awake.
I'm feeling kind of guilty, is there something I can take?
There's lipstick on my collar, I'm piecing it together.
Then I see a picture of me and you from,

[Chorus]

And did I get the chance to say, that I wanted you to stay?
There's things I can't explain, 'cause my brain don't work that way.
Don't call this a one night stand, no, it wasn't planned.
Wasn't in my head, but I just wanna do it again and again, and again, just like,

[Chorus]
