

Burned

Buffalo Springfield

Been burned and with both feet on the ground
I've learned that it's painful coming down
No use runnin' away, and there's no time left to stay
Now I'm findin' out that it's so confusin'
No time left and I know I'm losin'
Flashed, and I think I'm fallin' down
Crashed, and my ears can hear a sound
No use runnin' away, and there's no time left to stay
Now I'm findin' out that it's so confusin'
No time left and I know I'm losin'
Now I'm findin' out that it's so confusin'
No time left and I know I'm losin'
Burned and with both feet on the ground
Been burned and with both feet on the ground
I've learned that it's painful comin' down
No use runnin' away, and there's no time left to stay
Now I'm findin' out that it's so confusin'
No time left and I know I'm losin'
