Misconception

This Rigid Empire

Tie my hands behind my back
I won't lift a finger
Point out all the things I lack
I don't need to linger

Is it easy? I don't know
Is it easy? Start the show
Is it easy? I don't care
Is it easy?

I don't need this
I don't need this
It's all so useless

I don't need this
I DON'T NEED THIS!

All my problems gone to shame
Falling over themselves
Thoughts are burning lie awake
Sympathy just won't help

Timeless process fall apart
Kill me softly in the dark
Thoughts are burning, I can't tell
How'd this happen?

Tie my hands behind my back
I won't lift a finger
Point out all the things I lack
I don't need to linger

Am I hurting or am I dead?
AM I BURNING IN MY HEAD!
Am I screaming are you deceived?

Am I loved...
