Trixie

Ringside

Oh my, my mind's playing tricks on me
I'm falling for something I know I cannot reach
Can I lay with you and still live with myself?
I feel I know you but you're someone else
Oh, you're so cruel
To do what you do to me
Your kind of woman
No man should need
You infect me
Trixie girl, man you're good
You're the low spark in my neighborhood
And damn, you're convincing
I can't stand you kissing the other guys
Come back to my window and cry like a school girl
In your sad disguise
Oh, you're so cruel
To do what you do to me
Your kind of woman
No man should need
You infect me
Hey, you're so cruel
Do what you do to me
Your kind of woman
No man should need
You infect me
