You gotta a bad old habit
Of making people sad
You got a bad old habit
Of making people deadDid you think you were cool?
I don't really understand it
Did you think you were cool?
I don't even understand itSo cool, so cool
So cool, so coolHey makes it alright
You keep on taking
Your chances
You killer of mineLook at yourself
Just look what you've done
Just take a look
Did you have some fun?Did you think you were cool?
'Cause I don't even understand it
Did you think you were cool?
I don't really understand itSo cool, so cool
So cool, so coolSo cool, so cool
So cool, so cool
