Soul Sick

Rob Thomas

I guess he didn't feel that good today
He headed to the airport on his motorcycle
Said he liked the sound it made
And then he mumbled to me something about
Love and what it costHe said, "If all the world is over
Then man, I would get lost if I were you
Now what would you do?"I remember shades of summer
The winter sets and it's gone, yes
But it's all good now take it easy
Don't get soul sick
The winter sets and it's gone, yes
But it's all good nowI guess that we were all a shade of green
We catered to the postcard view
'Cause our lives weren't in half the bloom
Of his worst day
