

Greyhound

Big Head Todd and the Monsters

As I was walking by the muddy river
I was touched by a hand
I was laid over in a strange landAs I looked to take myself a silver
By the moonlight still lay a-bare
Barely unnoticed, bury my head in her soft hairGreyhound roll on, get on and get me a rideRoll onYou made me
feel good outside
You were a good public affair
Everybody knew there was nothin' goin' onGreyhound roll on, get on and get me a rideRoll on
