

# My Heart Beats 4 U

Rooney

Oooh ohh, Oooh ohh  
Oooh ohh, Oooh ohh It Comes around but never goes around  
Pull the trigger but it doesn't make a sound  
So Strange how they never change  
Over the hill lacks another age(?)  
It's Always something  
It's Always nothing  
Always trying to find a way to get in the way  
They can tell us that we don't know Right from Wrong  
When they've never ever heard us sing a song  
But they don't know how chorus goes  
All they know is Barry Manilow  
It's Always something  
It's Always nothing  
Sometimes you gotta just get up and run away [Chorus]  
We Burn a little brighter, We Fly a little higher  
We Move a little faster, Closer to disaster  
My Heart  
My Heart Beats 4 U Hijacked all up in Honeymoon  
Played along til we sounded out of tune  
They can't believe, What they see  
They can't see, What they can't believe  
It's pitter-patter, It don't matter  
Sometimes you gotta throw your hands up in the air [Chorus]  
We Burn a little brighter, We Fly a little higher  
We Move a little faster, Closer to disaster  
My Heart  
My Heart Beats 4 U  
We Sing a little louder, We Dance a little longer  
We Feel a little younger, We Love a little stronger  
My Heart  
My Heart Beats 4 U Oooh ohh, Oooh ohh  
Oooh ohh, Oooh ohh (x2) Someday, I'll find the way to be with you, To be with you  
Someday, I'll find the way to be with you, To be with you  
Someday! [Chorus] (x2)  
Oooh ohh, Oooh ohh
