

Turn It Into Love

Kylie Minogue

Did you believe I'd let you down
Your jealous heart gave you the runaround
You couldn't see
That I would always be your friend If you can look inside your heart
And understand what's tearing you apart
You gotta trust someone
Don't let hate get in the way Just turn it into love, turn it into love
And open up your heart
And you'll never feel ashamed
If you turn it, turn it, turn it into love When all your other friends are gone
I'll still be here to help you carry on
If you have faith in me
Then I'll believe in you You are the first thing on my mind
Do you believe I wouldn't have the time
I have to make you see
You can't push the pain on me Just turn it into love, turn it into love
And open up your heart
And you'll never feel ashamed
If you turn it, turn it, turn it into love Just, just turn it into love
Just turn it into love
Just turn it into love
Just turn it into love If you can look inside your heart
And understand what's tearing you apart
You gotta trust someone
Don't let hate get in the way Just turn it into love, turn it into love
And open up your heart
And you'll never feel ashamed
If you turn it, turn it, turn it into love Just turn it into love, turn it into love
And open up your heart
And you'll never feel ashamed
If you turn it, turn it, turn it into love Just turn it into love, turn it into love
And open up your heart
And you'll never feel ashamed
If you turn it, turn it, turn it into love
