

Our World, It Rumbles Tonight

Satyricon

Smoke across the night sky
Tears the black open
Glow toward the earthbound
Breaks the light down This moon, this night
This sign that symbolizes
To me, what must be done Shadows that mirror
And nurture the spirit
My world - crumbled
Your world - a star
Our world - it rumbles tonight No mask, pure will
One hand, one blade
Shadows sink
Summon the unwanted
And gather for a (final) journey My world - crumbled
Your world - a star
Our world - it rumbles tonight
