

# Dawn in Luxor

## Shabazz Palaces

Focus  
The light hath names  
Just like the heavens and the stars  
Reclaim us  
To further along the spaceways Yeah that they blast  
Languages of dances The whips whip up fast to slice the air it's flashy  
Gilded pharaohs, they're moving when I'm strapped up  
With our chains  
And our wings  
With our queens From out the water's wall  
From luxor to heavens in the sprawl  
See the wings clash against the glistening purple clips  
Eurhythmic, a phasing shift  
The ships that came from Kush  
Now they're aimed on a collision  
Stare with this image being witnessed???? decisions  
That's the conflict of the uninventive  
But at protect and exalt we keep up in it till its finished Meet us there  
We throwing cocktails at the FÃ¼hrer  
Blackness is abstracted and protracted by the purest  
Moderns Cubists or Surrealists  
To sleep they couldn't lull us so we synthesise our realest one  
The HQ so lusciously appointed, it's a crime  
Forego the conclusions just to find ourself inside  
Hear sounds pour like golden licks of time  
With satellites important cause of Rupert Neve designs  
A fate swift touching simply sonic wealth  
A lesser rapper musketeer been lying to himself  
Complying to his master's signs  
A burden's lifted that bitch shit is never here endeavour  
This is protect & exalt Sent at you miscreants  
Death, that's my final sentence  
Glitter (Gold)  
Glitter (Gold)  
Glitter (Gold)  
Glitter (Gold)  
Glitter and gold, there'll always be a difference  
This that protect & exalt  
Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
