

# Stop With The Chatter

## Rizzle Kicks

[Chorus]

Stop with the chit chit

Stop with the chatter.

Rk come through to deal with the matter.

People say we're crap,

People say we're sick

But I really hope that

We are the latter.

Feeling this shit

Then punch the air

We got a bag of ideas never unprepared

To just stop with the chit chit,

Stop with the chit chit,

Stop with the chit chit chatterYo! check me out on the old school drums but the sound ain't frizzled,

Old school flow don't be doubting on rizzle.

Smart like Malcolm out of Malcolm in the middle

And my bars are really really smart like a riddle (you diggle)

Yeahh

Living to do this this (yeah)

I'm on a roll

There's no limited movement

What

This is better than a dinner for two

After you've finished a zoot bitch

Think about who's this.

(it's Rizz)

Always been that lyrical sort,

Kicking in doors

Standards of living are poor.

Don't let me meet you're girlfriend

That'll just lead to babies like umbilical chords.

I gotta

Nice set of skills rhyme yes I will,

Mic general

Speak few lies and I will

Have to go on a mad one,

Act dumb,

Get a slap son,

Won't be pretty when I backhand some, yeah.[Chorus]Yo!

People are only just getting it,  
Rk coming with the clever shit  
Don't give a fuck bruv (celibate)  
Your girl gets to your yard like (nine)  
Had dinner ready for (eight)  
Got to mine like (sevenish)

I'm just on some ninja shit,  
Single kick,  
Make you leave England bitch  
Until you're lying on a fishing ship  
And thinking rizz is such a prick  
Cause I be coming with the  
Nice set of skills rhyme yes I will,  
Mic general,  
Speak few lies and I will  
Have to go on a mad one,  
Act dumb,  
Get a slap son,  
Won't be pretty when I backhand some yeah.[Chorus]Yes let me start this off (I)  
Won't stop until I've danced a lot (and yes)  
Let me start this off (I)  
Won't stop until I've danced a lot (yeaah)  
I don't lie when I say  
We are the ones who'll stay  
And will not lose this game  
To anyone.[Repeat x2]  
I wanna lose stress for a (bit bit)  
So I wanna hear less of the (chit chit)  
Hear the snare drum step with the (kick kick)  
Step with the (kick kick)
