

Trouble

Luke James

[Verse 1]

Sitting here on the edge of the bay
I rewind all your replies and what you said
Don't deny all of the lies cause you misled
Needa believe that I wasn't a good man (Trouble, trouble) [Pre-Chorus]

That's what it was, it's all it is
It'll be cold in hell before I miss
All of the city shit that led to arguments
It'll be cold in hell before I miss

(Trouble, trouble)
That's what you are to me, baby girl
(Trouble, trouble)

That's what you are to me, baby girl
(Trouble, trouble) [Chorus]

When you get lost in just lovin' someone pretty
(Trouble, trouble)
You'll always find
(Trouble, trouble)
You'll always find
(Trouble, trouble)

When you get lost in just lovin' someone pretty
(Trouble, trouble)
You'll always find
(Trouble, trouble)

Happens everytime

(Trouble, trouble) [Verse 2]

I can't lie girl sometimes, I think about you
But not the sweetest memories (but not the sweetest memories)
But not the sweetest memories and that may come true

I just wanna forget about you
(Trouble, trouble) [Pre-Chorus]

That's what it was, it's all it is
It'll be cold in hell before I miss
All of the city shit that led to arguments
It'll be cold in hell before I miss

(Trouble, trouble)
That's what you are to me, baby girl
(Trouble, trouble)

That's what you are to me, baby girl

(Trouble, trouble)[Chorus]

When you get lost in just lovin' someone pretty

(Trouble, trouble)

You'll always find

(Trouble, trouble)

You'll always find

(Trouble, trouble)

When you get lost in just lovin' someone pretty

(Trouble, trouble)

You'll always find

(Trouble, trouble)

Happens everytime

(Trouble, trouble)[Bridge]

It's funny how we can get so caught up on the surface

(Surface, surface)

We forget about what really makes love last

(Last, last) oh yeah

Next time I'll do better (yeah)

Next time I'll read the signs

Next time I'll tell myself slow it down and see her mind

Next time, I won't be so blind to what's inside

(Trouble, Trouble)[Chorus]

When you get lost in just lovin' someone pretty

(Trouble, trouble)

You'll always find

(Trouble, trouble)

You'll always find

(Trouble, trouble)

When you get lost in just lovin' someone pretty

(Trouble, trouble)

You'll always find

(Trouble, trouble)

Happens everytime

(Trouble, trouble)
