

Don't Stop My Music Tonight

DAVID DIMA

Dont stop
Dont stop my music tonight
Dont stop
Dont stop
Dont stop
Dont stop my music tonight
BABY!!!

1st
Dancing to the night, over the light
Jumping with emotion, make me crazy
The music runs away, go out in time i wanna FEEL IT!

BRIDGE
Don't you forget i can't stop lovin' you
Forever make me happy, i'm your hero
Lost in the future like a speed boy
There's no way for me, BABY!

CHORUS
Don't stop my music tonight
Let me take away on the line
Everytime i can feel the sound of love,
That burns in your mind, i am ready COME ON!
Don't stop my music tonight
Satisfaction beggin' your heart of fun
and everytime, take the music into your heart!

2nd
Take me into your life, time after time
Dancing on the window, love me baby
The night is fallin' down, there are the words i can FEEL IT!

BRIDGE
Don't you forget i can't stop lovin' you
Forever make me happy, i'm your hero
Lost in the future like a speed boy
There's no way for me, BABY!

CHORUS

Don't stop my music tonight
Let me take away on the line
Everytime i can feel the sound of love,
That burns in your mind, i am ready COME ON!
Don't stop my music tonight
Satisfaction beggin' your heart of fun
and everytime, take the music into your heart!

SOLO

Dont stop
Dont stop
Dont stop
Dont stop my music tonight
BABY!!!

1st again
Dancing to the night, over the light
Jumping with emotion, make me crazy
The music runs away, go out in time i wanna FEEL IT!

BRIDGE

Don't you forget i can't stop lovin' you
Forever make me happy, i'm your hero
Lost in the future like a speed boy
There's no way for me, BABY!

CHORUS (broke)

Don't stop my music tonight

Everytime i can feel the sound of love,
That burns in your mind, i am ready COME ON!

Don't stop my music tonight

CHORUS

Don't stop my music tonight
Let me take away on the line
Everytime i can feel the sound of love,
That burns in your mind, i am ready COME ON!
Don't stop my music tonight
Satisfaction beggin' your heart of fun
and everytime, take the music into your heart!
