I Mean It

Nite Jewel

i want
everything that you want
but i am not
everything that you wantso baby let's go
you can run the whole show
and i won't know
how i feel until i say it like i mean itand when i'm older
i hope this kind of thing is over
i'm falling for ya
but you're not falling for me noconfess
and you know all the rest
but i won't rest
til you let me address
all the things that we drink
and all the time i watched you sing
i did it for
one thing
gonna tell it to ya like i really mean it
