

Fascination Street

Chimaira

Oh, it's opening time
Down on fascination street
So let's cut the conversation
And get out for a bit Because I feel it all fading and paling
And I'm begging
To drag you down with me
To kick the last nail in Yeah, I like you in that
Like I like you to scream
But if you open your mouth
Then I can't be responsible For quite what goes in
Or to care what comes out
So just pull on your hair
Just pull on your pout And let's move to the beat
Like we know that it's over
If you slip going under
Slip over my shoulder So just pull on your face
Just pull on your feet
And let's hit opening time
Down on fascination street So pull on your hair
Pull on your pout
Cut the conversation
Just open your mouth Pull on your face
Pull on your feet
And let's hit opening time
Down on fascination street
