

# Sexy Naughty Bitchy

Tata Young

I pick all my skirts to be a little too sexy  
Just all like my thoughts, they always get a bit naughty  
When I'm out with my girls, I always play a bit bitchy  
Can't change the way I am, sexy, naughty, bitchy me I'm the kind of girl the girls don't like  
I'm the kind of girl boys fantasize  
I'm the kind that your momma and your daddy  
Would afraid you to turn out to be like I may seem unapproachable  
But that is only for the boys who don't have  
The right approach whose ride  
Which makes a girl like me wanna hop in a roll People think it's intimidating  
When a girl is cool with her sexuality  
I'm a 180 to the stereotype girls  
Like staying home and being innocent I pick all my skirts to be a little too sexy  
Just like all my thoughts, always get a bit naughty  
When I'm out with my girls, I always play a bit bitchy  
Can't change the way I am sexy, naughty, bitchy me My mouth never takes a holiday  
I always shock with the things I say  
I was always the kid in school  
Who turned up to each class 'bout an hour late And when it comes to the guys I'd lay  
I'd always pick the ones who won't figure out that  
I was clearly rebel to the idea of monogamy People think its intimidating  
When a girl is cool with her sexuality  
I'm a 180 to the stereotype girls  
Like staying home and being innocent I pick all my skirts to be a little too sexy  
Just like all my thoughts, always get a bit naughty  
When I'm out with my girls, I always play a bit bitchy  
Can't change the way I am sexy, naughty, bitchy me Sexy, sexy, sexy  
Naughty, naughty, naughty  
Bitchy, bitchy, bitchy me  
Sexy, sexy, sexy  
Naughty, naughty, naughty  
Bitchy, bitchy, bitchy me People think it's intimidating  
When a girl is cool with her sexuality  
I'm a 180 to the stereotype girls  
Like staying home and being innocent I pick all my skirts to be a little too sexy  
Just like all my thoughts, always get a bit naughty  
When I'm out with my girls, I always play a bit bitchy  
Can't change the way I am, sexy, naughty, bitchy me I like all of my shorts to be a little too shorty  
Unlike all of my guys I like them tall with money

I love all of my nights to end a little bit nasty  
Can't change the way I am sexy, naughty, bitchy me I pick my skirts to be sexy  
Just like my thoughts a bit naughty  
When I'm out with my girls bitchy  
Can't change I am, sexy, naughty, bitchy me
