

Ghost in the Family

For Selena And Sin

you took a step closer as they opened the door
to the dooms so empty and silent... and air so cold
ghost in the family, it never speak
ghost in the family, it always...CHORUS:
come with you and speak, come with you and speak
come with you and speak voices so thin
it won't forget, it won't leave
stab your heart, your heart belongs to sorrow
night grows inside you, but are you gonna let go?once you had that dream, you touched the mourning sun
in the darkness of those days, but everything left unsaid, undone
ghost in the family, it always speak
ghost in the family, it never...come with you and speak, come with you and speak
come with you and speak with voices so thin
it have to forget, it have to leave
stab your heart, your heart belongs to sorrow
night grows inside you, will you let go?
