

# That Na Na

## Akon

They can't see  
They can't talk  
They can't feel  
They can't walk  
You got them paralysed  
From your touch  
You got them paralysed  
From your touch  
So why they're fighting over you?  
Na na na na oh that na na na na  
Why they're fighting over you?  
Na na na na oh that na na na na  
Show me why they're fighting over you  
Na na na na oh that na na na na  
Said show me why they're fighting over you  
Na na na na oh that na na na na  
Show me so I can fight too  
Show me so I can fight too  
You know what you're doing  
And that ain't fair  
Teasing and diced them  
Once you do it you think that you're all this  
And that makes them wanna fight  
For your touch  
And that makes them wanna fight, yeah  
For your touch  
So why they're fighting over you?  
Na na na na oh that na na na na  
So why they're fighting over you?  
Na na na na oh that na na na na  
Show me why they're fighting over you  
Na na na na oh that na na na na  
Show me why they're fighting over you  
  
Na na na na oh that na na na na  
Show me so I can fight too  
Show me so I can fight too (2x)  
Na na na na oh that na na na na (4x)  
If you got good na na na

I'll get you high if that's what you wanna  
Put your hands up to the sky now  
Because I'm looking for ya  
You shout it out loud  
Just shout it out loud  
If you got good na na na

I'll get you high if that's what you wanna  
Put your hands up to the sky now  
Because I'm looking for ya  
You shout it out loud  
Shout it out loud

Na na na na oh that na na na na (4x)  
So why they're fighting over you?  
Na na na na oh that na na na na  
Why they're fighting over you?  
Na na na na oh that na na na na

Show me why they're fighting over you  
Na na na na oh that na na na na

Said show me why they're fighting over you  
Na na na na oh that na na na na  
So why they're fighting over you?  
Na na na na oh that na na na na  
So why they're fighting over you?  
Na na na na oh that na na na na

Show me why they're fighting over you  
Na na na na oh that na na na na

Show me why they're fighting over you  
Na na na na oh that na na na na  
Show me so I can fight too
