

Deep & Wide & Tall

Aztec Camera

My girl, she fled the fatherland
Oh yeah and all it's dumb demands
My girl, she is the essence pure
Oh yeah, she's super sure, she's got the cure
She's love's ambassadress with a message
Here comes the bottom line
Are we going to live together?
Lovers over all
One unending understanding
Deep & wide & tall
My girl, she is the sweetest sound
Oh yeah, when living let's me down
My girl, can turn me on this way
Oh yeah, from a world away
She's love's ambassadress, she's got a message
Here comes the bottom line
Are we going to live together?
Lovers over all
One unending understanding
Deep & wide & tall
Are we going to live together?
Lovers over all
One unending understanding
Deep & wide & tall
Are we going to live together?
Lovers over all
