

# High Hopes & Heartbreak

## Brooke White

The way you look at me, the way you say my name  
The way you talk to me and all the silly games that you play  
Must be love, love, love babyYou're no good for me but I like you I like you  
Mr. Mystery you keep me guessing everyday  
Is it love, love, love babyHigh, high hopes and heartbreak baby  
Pick me up and put me down makin' me crazy  
I just can't take it, no, no babyHigh, high hopes and heartbreak baby  
Build me up and bring me down makin' me crazy  
I just can't take it, no, no babyYou've got me figured out  
And your secret heart has got me holdin' out  
Forever I may wait for your love, love, love babyHigh, high hopes and heartbreak baby  
Pick me up and put me down makin' me crazy  
I just can't take it, no, no babyHigh, high hopes and heartbreak baby  
Build me up and bring me down makin' me crazy  
I just can't take it, no, no baby, yeahWho do you think you are?  
Playing Jedi mind tricks with my heart  
Don't you go and leave me in the dark  
Don't you be foolish with my love baby, yeah oohHigh, high hopes and heartbreak baby  
Pick me up and put me down makin' me crazy  
I just can't take it, no, no babyHigh, high hopes and heartbreak baby  
Build me up and bring me down makin' me crazy  
I just can't take it, no, no baby, yeah
