

# Pretty Faced Fool

Jewel

A rose will start to fade  
Without rain and and some warm sunshine  
It will die every time.

Fence... You're always on the fence  
You're one foot in  
Then you're back out again

I think it's time I let you know  
Babe I'm letting go  
You don't have the right to choose  
About me and you

What good's a heart that's too damn tough to break  
That's too damn cool to take a chance on love  
Yeah I took a chance on us  
Now that I look like I'm just a fool  
I think you oughta know  
You're just a pretty faced fool who let one get away

Go, dance in those city lights  
Until you're blind then maybe you'll see  
It was me, it was me

I'm gonna learn to rise again  
Like a thunderbolt, I'll strike again  
I ain't gonna let you burn me out  
So come on tell me now

What good's a heart that's too damn tough to break  
That's too damn cool to take a chance on love  
Yeah I took a chance on us  
Now that I look like I'm just a fool  
I think you oughta know  
You're just a pretty faced fool who let one get away

What good's a heart that's too damn tough to break  
That's too damn cool to take a chance on love  
Yeah I took a chance on us  
Now that I feel like I'm just a fool

I think you oughta know  
You're just a pretty faced fool who let one get away

You let me get away
