Crazy Over You

Ksm

Hey oh, hey oh, eh
Hey oh, hey oh, eh
I tried keeping my composure
No use when I see you
One look just took me over
What's a girl supposed to do?
You got me, you caught me, I'm not complaining
Lock me up, throw away the key
You did it, I'm in and there's no escape
Got it so bad, can't you see that?
You have made a mess out of me
Look how you knocked me off of my feet
I'm right where I wanna be
Messed up like crazy over you
Hey oh, hey oh, eh, yeah
Just for your information
No one's ever done what you do
Can't stop infatuation
Well, I have to admit it's true
You got me, you caught me, I'm not complaining
Lock me up, throw away the key
You did it, I'm in and there's no escape
Got it so bad, can't you see that?

You have made a mess out of me
Look how you knocked me off of my feet
I'm right where I wanna be
Messed up like crazy over you
You have made a mess out of me
Look how you got me losing my sleep
There's nowhere else I'd rather be
But messed up like crazy over you, you, you
Nothing that I can do
Look at what you put me through
You turned my whole world upside down
Hey oh, hey oh, eh, like crazy
Hey oh, hey oh, eh
You have made a mess out of me
Look how you knocked me off of my feet

I'm right where I wanna be
Messed up like crazy over you
You have made a mess out of me
Look how you got me losing my sleep
There's nowhere else I'd rather be
But messed up like crazy over you
