Alone At Last

Rotten Sound

No one shall leave me alone
Not a single person should break me apart
I shall be the hardest shell
I, myself and me are not fragileNone of them around
Alone at last
None of the worshiping losers
Alone at lastNo one, no one with me
No one can not live without me
I will never be the same
Without someone who is really afraidNone of them around
Alone at last
None of the worshiping losers
Alone at lastEgo, an internal way to be great
I believe in you, but you won't get in me!
Total loss of caring around
Alone, at last I am an individual!Yeah, not a person who might care
Alone at last
I will survive all alone
Alone and lost
