

# Blood for Blood

## Nunslaughter

You say love God  
I say kill the Jew  
You say I'm forgiven  
I say fuck you Blood for blood is pain and misery  
All for one insane epiphany  
What I feel is hate and suffering  
Blood for blood is God worshipping Standing on top of the mountain  
Looking toward the river of Styx  
Your denied God hangs upon his crucifix Blood for Blood
