

Looking for Soul

Shiny Penny

Run

Just run away from love
That's what they say but
Lonely ain't a part of me
Only takes a start to be

Stung

But I've been so patient love
And I just can't wait much more
Save a test for me
Give me what I need to see

I know there's something more to me
Oh oh oh oh I'll keep moving on

I'll find my way

I'll forget what's gone
I'll know my place
Oh I'm all but lost

Just looking for soul So I'll
Plunge

Forever I'll jump at once
I hear what they say but
Lucky ain't a way to be
I Wanna know what's bringing me

Up

It's hitting me all at once
But I just can't feel the punch
I wanna wait and see but
Time just turns to memory
Know there's something more to me

Oh oh oh oh I'll keep moving on

I'll find my way

I'll forget what's gone
I'll know my place
Oh I'm all but lost

Just looking for soul I'll keep moving on
I'll find my way
I'll forget what's gone
I'll know my place
Oh I'm all but lost
Just looking for soul No more system

No more wishing for gold
Hear that rhythm
Feel it deep in my soulI'll keep moving on
I'll find my way
I'll forget what's gone
I'll know my place
Oh I'm all but lost
Just looking for soul
Just looking for soulLooking for soul,
Just looking for..
