

Forgive One Another

Forgive One Another

Forgive forgive forgive one another
This is what we should do
Forgive forgive forgive one another
Even as God has forgiven you

Forgive forgive forgive one another
This is what we should do
Forgive forgive forgive one another
Even as God has forgiven you

Seventy times seven
We should forgive one another
Sisters and brothers loving each other
We should forgive one another

Forgive forgive forgive one another
This is what we should do
Forgive forgive forgive one another
Even as God has forgiven you

Always forgetting
Ready to make a new start
Loving each others with all of our hearts
We should forgive one another

Forgive forgive forgive one another
This is what we should do
Forgive forgive forgive one another
Even as God has forgiven you

Forgive forgive forgive one another
Even as God has forgiven you
