

# Golden Calf

## Disciple

I dropped my remote down the couch  
I want to see golf I want it now  
computer's sick the phone line is down  
lost my wallet nowhere to be found (1 John 5:21) somehow you always end up second place  
somehow there's no time  
I just don't feel like (Revelation 2:4-5) praising my church instead of God  
we worship doormats  
seems kind of odd  
my 454 four on the floor with all my gods  
I got to have more (Exodus 20:3) Take my break my golden calf down  
burn my fear my golden calf down (Exodus 32:1-6, 19-20)
