

Wolves

Golden State

Walking the world in a different light
Hearing your voice beneath the earth
With every moment staring back at me,
I feel alive, I feel alive~

Under me the flamingâ€¦
Is my soul upon the fire

For tonight, letâ€™s turn away the tragedy
For tonight, you take away my fear
For tonight, our love will burn in ecstasy
For tonight, Iâ€™m alive, Iâ€™m alive

Take table turns, I finally see
The living blaze Iâ€™ve always known (yeah)
Burning bright and illuminating me
I feel alive, I feel alive~

With my innocence so fragile
In a world that I would wake

For tonight, letâ€™s turn away the tragedy
For tonight, you take away my fear
For tonight, our love will burn in ecstasy
For tonight, Iâ€™m alive, Iâ€™m alive

I see the worse now, I see the worse now
I see the worse now, I see the world now

...

For tonight, letâ€™s turn away the tragedy
For tonight, you take away my fear
For tonight, our love will burn in ecstasy
For tonight, Iâ€™m alive, Iâ€™m alive

(Oooh, Ooohâ€¦)
