

Celestial Deliverance

Kreator

Deception into your soul
It will creep like the foundation of a certain demise
Reflection facing a vision so deep
Leaves reality seem like a lie Downward, the only way
Soulless interaction beneath you
Dragging you down
Drowning, your soul's erased
Altered sale addition
Slowly, into decline Magic enlightenment, celestial deliverance
Takin' horrors, carry them away
Supernatural redemption, a narcotic mirage
Creates a psychotic haze Downward, the only way
Soulless interaction beneath you
Dragging you down
Drowning, your soul's erased
Altered sale addition
Slowly, into decline Leave it
Tryin', so afraid to let go
Fallin' 'to a never ending hole
Fadin', cannot see the light
