brand new G.D! I'm all by myself but its all good
your my heartbreaker DJ and YG
Let me take this song hereI don't give in to this no matter what, the useful things still haven't died
Only you caused a broken body, dead dreams, lost heart
If it's for you, then my body will fly, will rush to be by your side
However you say goodbye and goodbye to meI said what's the reason you don't want me
Tell me all about your confident (facial) expressions, do it sadly
Even if I say alright or ask for a chance
I don't like the cold look in your eyes when you turn around once*No no
Yo ma heart heart heart heart heart breaker
What did I do wrong

Yo ma heart heart heart heart heart breaker
No way no wayI say I'm leaving, I'm really going
To see if you can live well [without me]This is tedious, this is not going smoothly
My heart's tragedy no wayI ask the same every day, you say that I've changed
Will you please shut your mouth
You speak while knowing who you're talking to
Now I'm out of control, constantly while being alone
In that spot, that place, it's goodbye and goodbyeI said what's the reason you don't want me
Tell me all about your confident (facial) expressions, do it sadly
Even if I say alright or ask for a chance
I hate the cold smile you have when you turn around once*repeatI say I'm leaving, I'm really going
To see if you can live well [without me]This is tedious, this is not going smoothly
My heart's tragedy no wayI'll still be there (inside your turned off phone)
I'll still be there (at the mailbox in front of my house)
You..I still...(even if we're "strangers" now)
I will still be thereLet's be together, those words
It's only sweet for a little while
Why do you not care when
Hey! I'm hurting this much*repeatYo ma heart heart heart breaker breaker
Yo ma heart heart heart breaker breaker
H.e.a.r.t. breaker no way
