Sweet Leaf

Green Carnation

Oh sweet leaf
Swaying in the wind
Under stars and moon
And sunrise gloom
Hanging on the tree
That gives you lifeOh sweet leaf
Has your time come?
Will your journey begin?
Afraid of falling and falling
With the wind
Away, away from your originOh sweet leaf
How was it?
Hanging under stars
Feeling the wind
Knowing you're safe
Clinging on to meOh sweet leaf
Why did you leave?
Why didn't you stay?
How can I be your guardian angel
When you are away?Oh dear father
Let me tell you
I loved to sway in the wind
Under the stars and moon
And sunrise gloom
Clinging on to youOh dear father
Can't you see?
I am not running away
I am just searching
For the real meOh dear mother
Why do we have to go?
Why don't we stay?
How can we be yours
When we are always away?Oh sweet leaf
When your time comes
