

# Nobody's Home

## Do Or Die

Baby it's your prerogative what you do  
I don't give a damn what he think about you  
All I know is one plus one is two  
We can lay back while we sip a few  
Yeah, it's true, you can be my boo  
Tears to let out or you  
All I wanna do is keep in line wit you  
Doin' everything if it's fine with you  
Lemme pick you up at a certain time  
Sit and dine drink the finest wine  
Ice over Cristal  
Lay back peep the the scenery still and a pimp smile  
In a little while, better time and ride out  
To tha finest hideout, silver wrist and a twist  
'Cuz the neighborhood homes is a risk  
And uh do you really wanna ride wit me  
Sit back and hide wit me  
Conversate when you fly wit me  
You don't need to be touched on makin' love over rough zone  
Playa hater get crushed on, bumrushed on  
Peep the game from a playa  
Who survived in the rought streets  
Collectin' dust on my spot from the cops heat  
Hit the block gon' shop for some nice meat, I don't roll deep  
Just a lil' bit of care 'cuz a brother wanna bail to the mall  
To ball wit all the blunts  
Treat me right you deserve some dough  
But never earn my trust stop trippin' you can wae the bun  
Sit back in the smooth ride  
Hit the block for your homies hollarin' two time  
And I ain't thinkin' 'bout your other man  
All I'm thinkin' 'bout is ends and a tight Benz, but it's right there  
Ooh, na na na na na na  
Nobody's home, nobody's home  
Ooh, na na na na na na  
Nobody's home, nobody's home  
Ooh, na na na na na na  
Nobody's home, nobody's home  
Ooh, na na na na na na

Nobody's home, nobody's home  
My four five-oh hit the front door  
Got me chillin' like a star, out the ro ro  
Place anotha hand on my Georgia bull  
But when I got out the truck all the hoes froze  
Checkin' me out like I'm po-po  
Bring a friend don't go solo  
Let's bail in your car, V-12 double-oh  
Got a bag a weed make a left on Monroe  
Three Philly's from the store, got a place we can go  
Drive slow make a right keep it tight  
Now, park by the meter, roll the weed up  
Baby girl, push your seat up between the heater  
Playa playa baby  
Can I dirty dance wit you and your friends  
Got a V-12 double-oh Benz  
Plus you stackin' the Benjamins  
Baby, puff puff pass and pull  
You can get hurt like that and why you wearin' skirts like that  
Do he wonder where you at  
While he sellin' zones you havin' sex  
Puttin' it down, givin' up your check  
See I'm a young playa, got game from tha vest  
I can talk a zebra out it stripes if it stand there and chat  
I can put my name on that  
And oh, it's about four  
My mama should be walkin' in the door  
So put on your clothes remember nobody knows  
Spray the air freshener before we go  
Do what you're doin'  
But we gon smoke and ride playa like me and you  
Could never be alone so pickup the phone  
Baby, I'm down in the zone and nobody's home  
Ooh, na na na na na na  
Nobody's home, nobody's home  
Ooh, na na na na na na  
Nobody's home, nobody's home  
Ooh, na na na na na na  
Nobody's home, nobody's home  
Ooh, na na na na na na  
Nobody's home, nobody's home  
So, do you wanna take this chance wit me  
I know, I know he be seeing you glance at me  
And oh, do you wanna live your fantasy  
Let's go to your place, just you and me

Take it slow, don't cry, dry your eyes  
Despise the way that he treat you with lies  
I be your Mary Jane your everything, no pain  
I be your moon stars and your sun, no rain  
See it's flamin' when he leave us alone, come close  
Never find the brakes when I'm at your home, I won't boast  
Or brag when I'm next to you true  
I do all the thangs your man won't do for you  
So here's a few things to let you know when you're down  
Here's my number when I'm far away from your town  
So call me when you have a need for me  
And by the way did you leave in my pocket, this G  
Ooh, na na na na na na  
Nobody's home, nobody's home  
Ooh, na na na na na na  
Nobody's home, nobody's home  
Ooh, na na na na na na  
Nobody's home, nobody's home  
Ooh, na na na na na na  
Nobody's home, nobody's home  
Nobody's home  
Nobody's home  
Nobody's home  
Nobody's home  
Nobody's home  
Nobody's home  
Nobody's home  
Nobody's home  
Nobody's home  
Nobody's home  
Baby Boy, Do or Die, Johnny P  
Nobody's home
