

Thorn Song

Vonrenzo

can't believe, I'm about to say
Into the night watching over me
Outside of view is thunder
Feeling a wave don't take me under
Fearing the way that you do now
But you don't know how
I feel, a thorn, but you don't
As you say, go slow...
I can't believe, I'm about to say
Into the light washing over me
I tend to flinch in the effort
Feeling a weight don't drag me under
Fearing the way that you do now
But you don't know how
I feel a thorn, but you don't
As you say, go slow...
You say
Just save me
I've only slowly
I've only slowly lost my mind
You say
Just save me, please
But you don't know how
I feel a thorn, but you don't
As you say, go slow...
I've only slowly lost my mind
I'm lonely knowing you're this thorn song
