Lies

RKL

Hey yeah! Jon told me to.
Hey, Thanks to all the people who have seen us more than once.
This is our last German ???.
Oh yeah. The rumour. It's a lie. Go.
(Joe)This is your live record so show 'em how Berlin can rock.
Ahh, that's wonderful. TV and media, it's all a cover up.
They won't accept the blame,
Because they fucked up!
Moscow makes a mistake,
And then it's our fault
Just tell me who I should believe.
Corn flake cereals, MTV videos,
All our minds are turning into waste.
T.V. News says it's the truth,
But it's just a big lie, it's a lie!
Plant their Lies inside my brain,
Just like a big seed.
Another capitalist game,
And on you they feed.
Corn flake cereals, MTV videos,
All our minds are turning into waste.
Trained like an animal,
Like a slave, I must obey.
Obey the Lies.
Obey the Lies!
Corn flake cereals, MTV videos,
All our minds are turning into waste.
T.V. News says it's the truth,
But it's just a big lie,
Just a lie!
