

# You're Still a Young Man

## Tower of Power

You're still a young man, baby  
Whoo-ooh, don't waste your time  
You're still a young man, baby  
Whoo-ooh, don't waste your time  
Down on my knees,  
Heart in hand  
I was accused of being too young,  
But I'm not so young  
Can't you understand  
That I think like a man?  
You're still a young man, baby  
Whoo-ooh, don't waste your time  
You're still a young man, baby  
Whoo-ooh, don't waste your time  
Back once again,  
Begging you please  
Darling, think twice about me,  
'Cause I'm not so bad  
I could make you happy,  
I'm not a mad lad  
(You're too young to love)  
If you and I could be together  
(You're too young to love)  
I'd get to you through any weather  
(You're too young to love)  
I love you and I love you only  
(You're too young to love)  
I'd never leave you lonely  
You're too young, whoo-ooh,  
Don't waste your time  
The damage is done,  
You'll see that you're wrong  
You'll wake up wondering  
Just how well I've done  
Well, I've done all right  
Yes, there are some girls  
But I'd drop them on sight,  
Just for you  
Because I love you  
You're still a young man, baby  
Whoo-ooh, don't waste your time...
