## **Last Breath**

## **Attack Attack!**

Is this my last breath (x4)

I can't breathe,

I'm choking on my own condesending words.

Answer me

Will you ever answer me?

Aren't you gonna answer me?

When I am crying out your name and I'm lost in shame.

Lead me on my way,

and give me words to say.

(words to say)

And I can't see

That I've lost my dreams,

Carry me, cause my heart is weak

Is this my last breath?

Is this my last breath?

I can't sleep

This world inside my head is run by my anxious thoughts

Give me peace

Will you bring me off my knees?

Aren't you gonna answer me?

When I am crying out your name and I'm lost in shame.

Lead me on my way, &

Give me words to say.

(words to say)

And I can't see

That I've lost my dreams,

Carry me, cause my heart is weak

Is this my last breath? x2

I've been trying aimlessly, over & over

to fill this void inside of me.

My mind's in a cage

And I'm on my knees.

( on my knees.)

I can feel the shift go inside my head,

Am I going crazy?

And I can't see, that I've lost my dreams,

(this is is my last breath)

Carry me, cause my heart is weak

(this is is my last breath)
I can't see, that I've lost my dreams, yeah
and carry me
(you gonna answer me?)
Cause my heart is weak
Answer me!
Answer me!
