Fool With Dreams

Framing Hanley

You're a diamond, how I found you I still don't know
But now I got you and I'll never let you go
If your heart's a pocket looking for some change
My heart makes lots of sense
Just stay quiet, breathe deep, breathe out, breathe slow
Don't say a word, let our eyes speak and they will tell you
I'm a fool with dreams and not a lot of things
I swear that I will be all you need, don't give up on me
Give me one more day, don't give this all away
We'll be fine you'll see, just don't give up on me
I'd be lying if I said that I'm not terrified
Well, how the hell can I do as they say and take this all in stride?
Does this come with an instruction book
If so, I need to have a look
Just stay quiet, breathe deep, breathe out, breathe slow
Don't say a word, let our eyes speak and they will tell you
I'm a fool with dreams and not a lot of things
I swear that I will be all you need, don't give up on me
Give me one more day, don't give this all away
We'll be fine you'll see, just don't give up on me
Don't give up on me
I know you're scared inside but baby, so am I
It gets so hard to hide, I'm not going nowhere
I'm not going nowhere
I'm a fool with dreams and not a lot of things
I swear that I will be all you need, don't give up on me
Give me one more day, don't give this all away
We'll be fine you'll see, you'll see, you'll see
I'm a fool with dreams and not a lot of things
I swear that I will be all you need, don't give up on me
Give me one more day, don't give this all away
We'll be fine you'll see, just don't give up on me
Don't give up
